

LEVEE BREAKS
NORTH OF CAIROSeven Thousand Acres Will Soon
Be Flooded.

WATER CONTINUES TO RISE

While the Giving Way of the Levee Had Been Expected for Several Days It Proved a Shock to the Illinois Town—No Alarm Is Felt, However, as Every Precaution Is Being Taken.

Cairo, Ill., April 2.—A gap has gone out in the Big Four levee in the drainage district to the north.

Although the break had been momentarily expected for days it served as a shock in Cairo.

The opening in the embankment was about fifteen feet long. Only one result awaits the district and that is that it will fill to a depth varying from ten to twenty feet. The section has an area of about 7,000 acres and has many big manufacturing plants, mail order and lumber distributing plants. The whole territory was flooded last year, with a loss of about \$7,000,000.

At that time Future City, with a negro population of 1,500, was inundated and many of the houses have been unoccupied since. Those who did live there had plenty of warning this time and have abandoned their homes. The loss from the present flood will not exceed \$1,000,000, it is said, and the greatest portion of this will fall on the industrial plants.

Stops Big Four Traffic.

The break will stop traffic over the Big Four, as that line is situated on the levee top. It is predicted that the lowlands will be more than two days in filling if no further gaps are torn out. Last year, with a section 200 feet long out, twenty-four hours passed before the onrushing water ceased.

Cairo feels no alarm from this particular flood. The water is still rising. Soldiers were sent into the lowland sections of the city with policemen and citizens to search for any persons, particularly women, children and the infirm, who still may be in their homes.

Many carloads of sand and clay were used and it is believed the levee in front of the business district is about as secure as it can be made.

The city is virtually under military rule. Colonel Moriarty, who is in charge, does not object to the friendly assistance of city and county authorities, but when decisions are to be made he is the one who makes them.

Soldiers are patrolling the streets and requiring all negro men who appear to have nothing to do to give satisfactory accounts of themselves.

TO FEED 10,000 REFUGEES

Illinois Authorities Preparing to Furnish Relief.

Springfield, Ill., April 2.—Governor Dunne and Adjutant General Dickson are preparing to feed 10,000 refugees from the flood stricken districts of Southern Illinois. General Dickson estimates, from his reports from all sections of the flood visited districts, that the number of refugees will be at least that great, possibly more. He is planning to go to Southern Illinois to visit the various refugee camps which have been established, to get data on the number in distress, and have supplies at hand to distribute to them. A detachment of troops will aid him in the work.

BURKE BECOMES TREASURER

Receives \$1,426,422.051.48% Government Funds.

Washington, April 2.—Former Governor John Burke of North Dakota took the oath of office as treasurer of the United States, succeeding Carmi A. Thompson, who turned over \$1,426,422.051.48% to the custody of the new Democratic official. The two-thirds of a cent is part of a Tennessee state bond held in the assets of the government.

ENTIRE CITY UNDER WATER

South Levee at Shawneetown, Ill., Dynamited.

Shawneetown, Ill., April 2.—The south levee has been dynamited and the entire city is under water from ten to thirty feet.

The levee, on the lower side, was cut so that the water entering was backwater and comparatively little damage was done by the wash.

A patrol of the flooded town is being made by boat and the business men are guarding their stocks, put out of reach of the highest water before the town was cleared by the militia.

Passengers Safely Landed.

Tangier, Morocco, April 2.—The 150 passengers were safely landed from the British steamer Agadir, which went ashore near Mazagan, Morocco.

Commission Man Dead.

St. Paul, April 2.—Ralph E. Cobb, president of the R. E. Cobb Produce company and for thirty-two years a St. Paul merchant, died at his residence after an illness of ten weeks of aneurysm. Mr. Cobb was possibly the best known commission man in the city.

M'COMBS TAKES
POST IN FRANCEReconsiders Declination of Am-
bassador at Paris.

REASONS NOT MADE PUBLIC

Democratic National Chairman Is Financially Unable to Maintain Existing Great Style and Lavish Entertaining and His Acceptance Means an Effort Will Be Made to Have American Ambassadors Live the Simple Life.

Washington, April 2.—William F. McCombs of New York, chairman of the Democratic national committee, has reconsidered his declination of President Wilson's offer to appoint him ambassador to France and has agreed to accept the office.

The reasons that induced Mr. McCombs to change his mind are not known here except to a few of his close friends and of course to President Wilson. Mr. McCombs came to the conclusion that he could put his financial affairs in such a condition that he would be justified in going to Paris as the American ambassador.

The acceptance of Mr. McCombs, with his acknowledged inability to keep up the reputation in the American embassy in Paris for great style and entertaining, will mark the beginning of the effort to be made to permit American ambassadors to live without ostentatious display but in a manner befitting representatives of a democratic nation.

It is evident that President Wilson intends to make an issue before congress of the necessity for providing official residences for American diplomatic representatives in foreign capitals or increase their salaries.

It is expected that the arguments that will be advanced by the president at the proper time in behalf of legislation of this character, probably in the form of a special message, will find a ready response that will have the effect of bringing about the enactment of an adequate law which will provide inducements for men of ability without large private means to go abroad as ambassadors and ministers.

WIDE RANGE OF ESTIMATES

J. P. Morgan's Estate Placed at \$75,000,000 to \$300,000,000.

New York, April 2.—Estimates of the fortune left by J. P. Morgan range from \$75,000,000 to \$300,000,000, this sum including his art collections. It is understood that the financier's will is of comparatively recent date, but no intimation has been made as to when it would be given to the public. Mr. Morgan's personal counsel declines to discuss the matter.

Those who shared in Mr. Morgan's close friendship predict that there will be large charitable and public bequests, although it is conceded that the son, J. P. Morgan, will doubtless receive the bulk of the fortune.

IMMIGRATION ON INCREASE

52,000 More Inspected Than During First Three Months of 1912.

New York, April 2.—The annual tide of immigration at this port is again approaching the flood mark reached in years preceding the financial panic of 1907, according to figures contained in a quarterly report issued by Health Officer Joseph J. O'Connell. There were 342,763 persons of all classes inspected at Ellis island during the first three months of this year. This is an increase of nearly 52,000 over the corresponding period of 1912. The number of third class passengers was nearly 160,000, an increase of about 41,500.

COLUMBUS DEATH TOLL 71

Little Headway Made in Penetrating West Side Debris.

Columbus, O., April 2.—All that human effort could accomplish failed to penetrate the part of the debris piled in the West Side, where it is believed many of the bodies of persons missing since the flood of March 25 finally will be recovered.

Eight more bodies passed through the morgues, running the total of dead in that section up to seventy-one.

The property damage in Columbus, like the death toll, is confined principally to the West Side. The business and manufacturing districts have almost escaped.

WILLIAM H. TAFT.

Receives Hearty Welcome
From Yale Undergraduates.

WITH FAMOUS FROG CHORUS

Yale Students Welcome Former President Taft.

New Haven, Conn., April 2.—Undergraduate Yale welcomed former President William Howard Taft back to his alma mater in a manner no less hearty and enthusiastic than was the Godspeed given Woodrow Wilson by the Princeton students when he left Princeton a month ago to take up the duties at Washington that Mr. Taft was about to lay down.

Practically the entire student body, 3,000 strong, reinforced by a band, was at the station when Mr. Taft and his party arrived. An equally large crowd of citizens was present. As the Taft party stepped from the train Captain Spaulding of last year's football team stepped forward and presented Mrs. Taft with a great bouquet of violets. A moment later Yale's famous "frog chorus" cheer, with nine "Tafts" on the end, roared from 3,000 throats.

FAVOR RECOGNIZING
CHINESE REPUBLICPresident and Cabinet May Take
Action Soon.

Washington, April 2.—China and the Philippine question came prominently before the cabinet. The president and his advisers discussed the advisability of recognizing the Chinese republic at an early date and there is every likelihood that the United States will be the first of the powers to act.

Administration of the Philippines was considered by the cabinet and Joseph E. Davies of Wisconsin, secretary of the Democratic national committee, was suggested as governor general of the islands. Mr. Davies has had under consideration also an offer to be assistant secretary of war.

The president is anxious to send a young man of the progressive type to the Philippines to give him an accurate survey of conditions in the islands and his long friendship for Mr. Davies is said to have prompted friends to mention him for the place. It was said on good authority that if Mr. Davies did not become the governor general he might be a member of the Philippine commission. In the absence of the secretary of war no decision was reached.

STILLWELL WON'T RESIGN.

Albany, N. Y., April 2.—Accused of attempted extortion by George H. Kendall, president of the New York Bank Note company, Senator Stephen J. Stillwell of New York refused to resign at the suggestion of Governor Sulzer and demanded a thorough investigation. The senate ordered an inquiry.

PARCEL POST FOR CANADA

Legislation Will Soon Be Presented to Parliament.

Ottawa, Ont., April 2.—A parcel post planned on the zone system, similar to that in the United States, is proposed for Canada. Postmaster General Pelletier announced that he would introduce the necessary legislation in parliament soon.

Since the inauguration of the system in the United States the Canadian postoffice department has handled great quantities of incoming parcel post matter without receiving any benefit in return.

School Official Indicted.

Pittsburg, April 2.—After hearing the testimony of Ethel Ivy Fisher, who charges Superintendent of Schools S. L. Heeter with being the cause of her trouble and with advising her to perform an operation, the grand jury returned two true bills against Mr. Heeter covering the girl's charges. An indictment on the girl's charge also was returned against George Patterson, the young man on whom Miss Fisher alleges Heeter tried to persuade her to fasten the blame.

TO JOIN BRANCHES
OF GOVERNMENTPresident to Get in Closer
Touch With Legislature.

GEN. WOOD'S SUCCESSOR.

Question of New Chief of Staff Not Settled—Few Changes Expected in Army and Navy—How Burleson Got His Silk Hat—Republican Tariff Ranks Depleted.

By ARTHUR W. DUNN.

Washington, April 2.—[Special.]—Senator Root went back a long ways to secure a favorable report upon the proposition that cabinet officers should have seats on the floor of the senate and house and establish a sort of responsible government such as exists in Great Britain. It was about forty years ago that the report was made, and it has slept ever since. And it will be at least that much longer before anything is done. Such a change involves the whole fabric and foundation of the government. It means an amalgamation of the executive and legislative branches. It would destroy the power of the senate or the house, and neither will consent to diminishing the power now possessed. However, it makes a subject of conversation.

A More Serious Matter.

But President Wilson presents a more serious matter in going to the capitol and conferring on legislation. When it was first published that he intended to conduct the presidential office in that way no one believed he would carry out the plan after he had learned the situation in Washington. But it seems that he is just as determined as ever to take an active hand in congressional conferences of his own making. It is evident that President Wilson intends to bring the legislative branch in close touch with the executive.

Gave Them a Surprise.

There has been a great deal of work done, first and last, to secure a successor to General Leonard Wood, chief of staff, who would be more acceptable to the army. It was expected that the new administration would find another major general who would meet all requirements. And perhaps a successor will be named for Wood in due time, but the secretary of war gave everybody a surprise when he endorsed what has been Wood's contention as to a reserve. Wood wanted short enlistments, too short in the opinion of military experts, but the secretary indorses the idea without going as far as the chief of staff. Secretary Garrison indorses the general reserve plan for which all army officers have been contending.

Best and Least Known.

The neighboring states of Nebraska and Missouri furnish the best and least known members of the cabinet. Mr. Bryan is known wherever the language is spoken, while it took a long time to find out anything about Mr. Houston, save that he was a college professor in St. Louis. Mr. Garrison, the secretary of war, was known to politicians, but lawyers knew about him and his judicial office in New Jersey. With the exception of Garrison and Houston the others had been discussed as possible cabinet members before announcement of their selection had been made.

Republican Tariff Defenders.

The slaughter which occurred in the congressional elections last fall leaves only a few of the old guard in the house to defend the Republican tariff principles. Of course Sen. E. Payne will be there and Joe Fordney of Michigan. Then there is Needham of California, but Dalzell, Longworth and more particularly Sam McCall of Massachusetts and Ebenezer J. Hill of Connecticut will be sadly missed. These men were among the staunchest exponents of the Republican principles of protection in the house. It is expected that Asher C. Hinds of Maine will be placed on the ways and means committee and will become one of the defenders on the Republican side.

Burleson's Silk Hat.

It is not an unusual thing for Postmaster General Burleson to wear a silk hat. In fact, he has worn it right along in Texas. But he is now wearing a silk hat which Congressman Henry of Texas paid for. The bet was about the weather on inauguration day. Henry, who has a fond for changing the date of inauguration to mild spring weather, bet there would be another blustering inauguration day, and he paid for a hat, as Burleson was optimistic and insisted there would be good "Wilson weather" on the 4th of March.

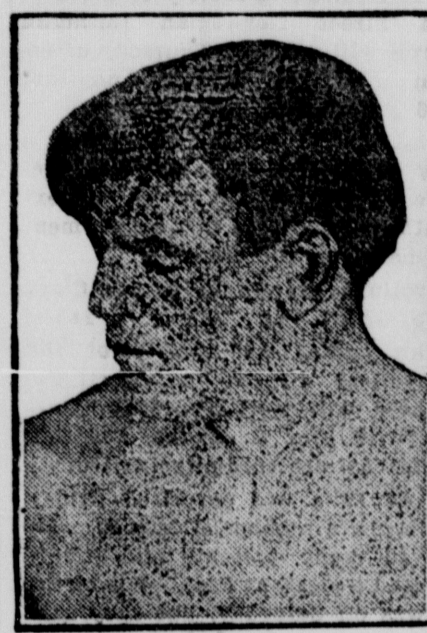

The Jersey Senators.

Both of the New Jersey senators are Wilson men through and through. Both of them have many friends there who like to have appointed to office, but neither feels like pressing patronage matters on the new administration, although they will make recommendations. With a president and a cabinet officer from the state, they do not want to make demands which might embarrass the president. Besides, it is understood the president has a pretty good idea as to whom he wants to appoint in New Jersey.

American Wrestler Secures Two Straight Falls.

Kansas City, April 2.—Frank Gotch retained his supremacy as wrestling champion of the world, defeating George Lurich of Russia in two straight falls at the Convention hall. Gotch secured the first fall in 18 minutes, 10 seconds, and the second in 5 minutes, 35 seconds.

The first fall was secured by an arm and toe hold and the second with a head and arm hold.

Gotch appeared much stronger than the Russian and he was the aggressor throughout the match.

DEMOCRATS CARRY
CHICAGO ELECTIONSecure Twenty-two Aldermen
and Other Officers.

Chicago, April 2.—Democrats swept the city in the municipal election, electing twenty-two aldermen, the superior court judge, city clerk and city treasurer. The proposed bond issue of \$2,880,000, urged by the Hearst-Harrison faction of the Democratic party here, carried by a small margin.

The Republicans elected eleven aldermen, the Progressives three and the Independents one. The Progressives had candidates in every ward, but failed to show strength, being outvoted by the Republicans by nearly three to one throughout the city. The Socialist vote was consistently scattered through all the wards and was not far below the Progressive total.

Alderman Michael Kenna, known as Hinky Dink, the fellow councilman of Bath House John Coughlin of the First ward, was returned, as usual, by an impressive total, getting 4,358 votes to the Progressive's 711 and the Socialist's 201. He had no Republican opposition.

The single independent candidate to be elected is Alderman Charles E. Merriam, a professor at the University of Chicago and until recently a Progressive leader.

DULUTH RESULTS IN DOUBT

Prince, Silberstein, Day and McEwen Lead for Mayor.

Duluth, April 2.—The result of the first election under the commission form of government is in doubt.

W. I. Prince, B. Silberstein, D. H. Day and W. E. McEwen seemed to be the favorites for mayor from the official returns that came in. The betting odds favor Prince, even money being offered on him against a field of ten candidates.

For long term commissioner McCormick and Voss seem to be favorites, while for short term Bernard, Hickman, Hogan and Farrell are played for winners.

KENTUCKY LANDS FLOODED

Refugees Flocking to Cities Where Relief Work Is Carried On.

Louisville, April 2.—The Ohio river here showed a stage of forty-five feet and was rising slowly.

A further rise of about 3 of a foot is predicted, when the crest of the flood is expected here. The additional rise is not expected to change, materially, the situation in Louisville.

Reports from Western Kentucky continued to tell of inundated lowlands.

Refugees were coming into the cities, where extensive relief work was under way.

H. M. FLAGLER NEAR DEATH

Railroad and Hotel Magnate in Critical Condition.

West Palm Beach, Fla., April 2.—The condition of Henry M. Flagler, the railroad and Southern hotel magnate, was reported critical. President R. J. Parrot and Vice President J. E. Ingram of the Florida East Coast railroad have been summoned here by telegrams.

Mr. Flagler recently had a painful fall at his home, Oceanic cottage, near here. The injury did not mend as rapidly as was to have been expected.

HOUSE PASSES BOXING BILL

Measure Would Create State Supervisory Commission.

St. Paul, April 2.—Without debate the house passed the Moeller bill creating a state commission in Minnesota and authorizing the commission to license "clubs, corporations or associations" to conduct six-round boxing matches. The bill provides that eight-ounce gloves shall be used. The vote was 63 to 34 in favor of the bill.

A total of 147 bills have passed both houses of the 1913 legislature, been signed by the governor and deposited with the secretary of state. Up to April 1, 1911, only seventy-six bills had become law. So far 2,120 bills have been introduced at the present session.

The house, by a vote of 79 to 20, passed Representative Charles N. Orr's bill, providing for the erection of a building near the capitol for the Minnesota State Historical society, the state law library and the supreme court.

The house passed the Sundberg bill prohibiting persons under eighteen from playing pool, billiards or bowling in public places. Under the present law persons under eighteen are permitted to play such games with their parents' consent.

The house passed G. W. Brown's bill authorizing the sterilization of habitual criminals, defectives and persons convicted of certain crimes. The bill creates a medical commission.

SCHWAB CHANGES POSITION

Quits Bethlehem Presidency to Become Chairman of Board.

New York, April 2.—Charles M. Schwab resigned as president of the Bethlehem Steel company to become chairman of the board of directors of the same company. E. G. Grace was elected president.

Several other shifts were made in the personnel. They were the result of "the very large increase in the business" of the company, it was announced.

Mr. Schwab's new office was created for him.

CONDITIONS MUCH BETTER

Many Indiana People Returning to Their Homes.

Indianapolis, April 2.—Conditions throughout the flooded districts of Indiana, except in the extreme southern section of the state, are returning to normal. Reports show that waters practically have disappeared and homes are being reoccupied.

Many persons in the West Indianapolis flood district were treated with an anti-typhoid vaccine and Dr. T. V. Keene, in charge of the medical relief work in the flooded districts, said he feared no epidemic. There is enough of the vaccine on hand to treat 10,000 patients.

Ohio City Faces Grave Problem
After Flood.

PROPERTY LOSS \$150,000,000

President John H. Patterson of the Relief Committee Appeals Broadcast for Assistance and Declares Rations for One Hundred Thousand People Are Required for an Indefinite Period.

Dayton, O., April 2.—"Dayton is facing one of the gravest problems that any city of the world ever faced and we want the world to know we need money and food for our stricken people," said John H. Patterson, president of the relief committee, after he returned in company with H. E. Talbot, chief engineer, from a tour of sections of Dayton that were swept by the flood last week.

In speaking of a tentative plan to ask the federal government for a loan of from \$20,000,000 to \$40,000,000, to be used in reconstruction work, Mr. Patterson said:

"At a meeting of bankers and officials of the building associations it was decided to make an appeal for federal aid."

"The banks and building associations have \$60,000,000 worth of assets which they will put up as a collateral. It may be deemed advisable to ask the government to give us some financial assistance. We feel that the disaster is an emergency which would justify extraordinary action on the part of congress."

Since Sunday more than \$750,000 in cash has been received from banks in Cincinnati to replace damaged money in local banks, which will remain closed until April 8.

Mr. Talbot estimated that the property loss in Montgomery county would reach at least \$150,000,000. He declared that one manufacturing company alone had lost \$500,000.

Although several carloads of provisions were received officials in charge of relief work stated that the food situation was a matter of grave concern. More refugees have applied for assistance.

"We must have rations for more than 100,000 people for an indefinite period," Mr. Patterson declared.

Four bodies were taken from the debris by workmen, bringing the total number of bodies recovered up to 129, according to the coroner's estimate.

ZANESVILLE LOSS IS HEAVY

Fifteen Thousand People Being Fed at Relief Stations.

Zanesville, O., April 2.—This city, comparing its size of 30,000 population with others which have been flooded, is one of the greatest losses financially. The monetary loss will be between \$17,000,000 and \$20,000,000, according to estimates by business men's organizations.

The river broke through its banks and flowed over the lower and middle business sections, cutting across fully two-thirds of the business district. It also swept away a large number of industries. These losses range as high of \$100,000.

Relief stations have been feeding 15,000 people for the last week. Many of these people are homeless, as 800 to 1,000 homes were either swept away or ready to collapse and several thousand are damaged. The flood cut a swath a mile and a half wide through the city.

SHOOTS WIFE AND HIMSELF

Domestic Difficulties Result in Double Tragedy.

Grand Rapids, Minn., April 2.—R. W. Heideman, thirty years old, shot and instantly killed his wife, Mary Schroeder Heideman, and then ended his life at the home of Cal Gilman in this town.

Mrs. Heideman had been working at the Gilman home for the last week. The couple had been separated for some months and Heideman was under indictment by the grand jury for assaulting his wife. Entering the Gilman home suddenly he shot his wife. Mrs. Gilman, who had been ill for weeks, ran from the house and escaped injury. She now is in serious condition.

With President Johnson the first commission consists of Attorney Edward F. Flynn, Louis Mundt

LEVEE BREAKS
NORTH OF CAIROSeven Thousand Acres Will Soon
Be Flooded.

WATER CONTINUES TO RISE

While the Giving Way of the Levee Had Been Expected for Several Days It Proved a Shock to the Illinois Town—No Alarm Is Felt, However, as Every Precaution Is Being Taken.

Cairo, Ill., April 2.—A gap has gone out in the Big Four levee in the drainage district to the north.

Although the break had been momentarily expected for days it served as a shock in Cairo.

The opening in the embankment was about fifteen feet long. Only one result awaits the district and that is that it will fill to a depth varying from ten to twenty feet. The section has an area of about 7,000 acres and has many big manufacturing, mail order and lumber distributing plants. The whole territory was flooded last year, with a loss of about \$7,000,000.

At that time Future City, with a negro population of 1,500, was inundated and many of the houses have been unoccupied since. Those who did live there had plenty of warning this time and have abandoned their homes. The loss from the present flood will not exceed \$1,000,000, it is said, and the greatest portion of this will fall on the industrial plants.

Stops Big Four Traffic.

The break will stop traffic over the Big Four, as that line is situated on the levee top. It is predicted that the lowlands will be more than two days in filling if no further gaps are torn out. Last year, with a section 300 feet long out, twenty-four hours passed before the crushing water ceased.

Cairo feels no alarm from this particular flood. The water is still rising. Soldiers were sent into the lowland sections of the city with policemen and citizens to search for any persons, particularly women, children and the infirm, who still may be in their homes.

Many carloads of sand and clay were used and it is believed the levee in front of the business district is about as secure as it can be made.

The city is virtually under military rule. Colonel Moriarty, who is in charge, does not object to the friendly assistance of city and county authorities, but when decisions are to be made he is the one who makes them.

Soldiers are patrolling the streets and requiring all negro men who appear to have nothing to do to give satisfactory accounts of themselves.

TO FEED 10,000 REFUGEES

Illinois Authorities Preparing to Furnish Relief.

Springfield, Ill., April 2.—Governor Dunne and Adjutant General Dickson are preparing to feed 10,000 refugees from the flood stricken districts of Southern Illinois. General Dickson estimates, from his reports from all sections of the flood visited districts, that the number of refugees will be at least that great, possibly more. He is planning to go to Southern Illinois to visit the various refugee camps which have been established, to get data on the number in distress, and have supplies at hand to distribute to them. A detachment of troops will aid him in the work.

BURKE BECOMES TREASURER

Receives \$1,426,422.051.48% Government Funds.

Washington, April 2.—Former Governor John Burke of North Dakota took the oath of office as treasurer of the United States, succeeding Carmi A. Thompson, who turned over \$1,426,422.051.48% to the custody of the new Democratic official. The two-thirds of a cent is part of a Tennessee state bond held in the assets of the government.

ENTIRE CITY UNDER WATER

South Levee at Shawneetown, Ill., Dynamited.

Shawneetown, Ill., April 2.—The south levee has been dynamited and the entire city is under water from ten to thirty feet.

The levee, on the lower side, was out so that the water entering was backwater and comparatively little damage was done by the wash.

A patrol of the flooded town is being made by boat and the business men are guarding their stocks, but out of reach of the highest water before the town was cleared by the militia.

Passengers Safely Landed.

Tangier, Morocco, April 2.—The 150 passengers were safely landed from the British steamer Agadir, which went ashore near Mazagan, Morocco.

Commission Man Dead.

St. Paul, April 2.—Ralph E. Cobb, president of the R. E. Cobb Produce company and for thirty-two years a St. Paul merchant, died at his residence after an illness of ten weeks of aneurysm. Mr. Cobb was possibly the best known commission man in the city.

M'COMBS TAKES
POST IN FRANCE

Reconsiders Declination of Ambassador at Paris.

REASONS NOT MADE PUBLIC

Democratic National Chairman Is Financially Unable to Maintain Existing Great Style and Lavish Entertaining and His Acceptance Means an Effort Will Be Made to Have American Ambassadors Live the Simple Life.

Washington, April 2.—William F. McCombs of New York, chairman of the Democratic national committee, has reconsidered his declination of President Wilson's offer to appoint him ambassador to France and has agreed to accept the office.

The reasons that induced Mr. McCombs to change his mind are not known here except to a few of his close friends and of course to President Wilson. Mr. McCombs came to the conclusion that he could put his financial affairs in such a condition that he would be justified in going to Paris as the American ambassador.

The acceptance of Mr. McCombs, with his acknowledged inability to keep up the reputation in the American embassy in Paris for great style and entertaining, will mark the beginning of the effort to be made to permit American ambassadors to live without ostentatious display but in a manner befitting representatives of a democratic nation.

It is evident that President Wilson intends to make an issue before congress of the necessity for providing official residences for American diplomatic representatives in foreign capitals or increase their salaries.

It is expected that the arguments that will be advanced by the president at the proper time in behalf of legislation of this character, probably in the form of a special message, will find a ready response that will have the effect of bringing about the enactment of an adequate law which will provide inducements for men of ability without large private means to go abroad as ambassadors and ministers.

WIDE RANGE OF ESTIMATES

J. P. Morgan's Estate Placed at \$75,000,000 to \$300,000,000.

New York, April 2.—Estimates of the fortune left by J. P. Morgan range from \$75,000,000 to \$300,000,000, this sum including his art collections. It is understood that the financier's will is of comparatively recent date, but no intimation has been made as to when it would be given to the public. Mr. Morgan's personal counsel declines to discuss the matter.

Those who shared in Mr. Morgan's close friendship predict that there will be large charitable and public bequests, although it is conceded that the son, J. P. Morgan, will doubtless receive the bulk of the fortune.

IMMIGRATION ON INCREASE

52,000 More Inspected Than During First Three Months of 1912.

New York, April 2.—The annual tide of immigration at this port is again approaching the flood mark reached in years preceding the financial panic of 1907, according to figures contained in a quarterly report issued by Health Officer Joseph J. O'Connell.

There were 342,763 persons of all classes inspected at Ellis island during the first three months of this year. This is an increase of nearly 52,000 over the corresponding period of 1912. The number of third class passengers was nearly 160,000, an increase of about 41,500.

COLUMBUS DEATH TOLL 71

Little Headway Made in Penetrating West Side Debris.

Columbus, O., April 2.—All that human effort could accomplish failed to penetrate the part of the debris piled in the West Side, where it is believed many of the bodies of persons missing since the flood of March 25 finally will be recovered.

Eight more bodies passed through the morgues, running the total of dead in that section up to seventy-one.

The property damage in Columbus, like the death toll, is confined principally to the West Side. The business and manufacturing districts have almost escaped.

WILLIAM H. TAFT.

Receives Hearty Welcome
From Yale Undergraduates.

WITH FAMOUS FROG CHORUS

Yale Students Welcome Former President Taft.

New Haven, Conn., April 2.—Undergraduate Yale welcomed former President William Howard Taft back to his alma mater in a manner no less hearty and enthusiastic than was the Godspeed given Woodrow Wilson by the Princeton students when he left Princeton a month ago to take up the duties at Washington that Mr. Taft was about to lay down.

Practically the entire student body, 3,000 strong, reinforced by a band, was at the station when Mr. Taft and his party arrived. An equally large crowd of citizens was present. As the Taft party stepped from the train Captain Spalding of last year's football team stepped forward and presented Mrs. Taft with a great bouquet of violets. A moment later Yale's famous "frog chorus" cheer, with nine "Tafts" on the end, roared from 3,000 throats.

FAVOR RECOGNIZING
CHINESE REPUBLIC

President and Cabinet May Take Action Soon.

Washington, April 2.—China and the Philippine question came prominently before the cabinet. The president and his advisers discussed the advisability of recognizing the Chinese republic at an early date and there is every likelihood that the United States will be the first of the powers to act.

Administration of the Philippines was considered by the cabinet and Joseph E. Davies of Wisconsin, secretary of the Democratic national committee, was suggested as governor general of the islands. Mr. Davies had under consideration also an offer to be assistant secretary of war.

The president is anxious to send a young man of the progressive type to the Philippines to give him an accurate survey of conditions in the islands and his long friendship for Mr. Davies is said to have prompted friends to mention him for the place. It was said on good authority that if Mr. Davies did not become the governor general he might be a member of the Philippine commission. In the absence of the secretary of war no decision was reached.

STILLWELL WON'T RESIGN.

Albany, N. Y., April 2.—Accused of attempted extortion by George H. Kendall, president of the New York Bank Note company, Senator Stephen J. Stillwell of New York refused to resign at the suggestion of Governor Sulzer and demanded a thorough investigation. The senate ordered an inquiry.

PARCEL POST FOR CANADA

Legislation Will Soon Be Presented to Parliament.

Ottawa, Ont., April 2.—A parcel post planned on the zone system, similar to that in the United States, is proposed for Canada. Postmaster General Pelletier announced that he would introduce the necessary legislation in parliament soon.

Since the inauguration of the system in the United States the Canadian postoffice department has handled great quantities of incoming parcel post matter without receiving any benefit in return.

School Official Indicted.

Pittsburg, April 2.—After hearing the testimony of Ethel Ivy Fisher, who charges Superintendent of Schools S. L. Heeter with being the cause of her trouble and with advising her to perform an operation, the grand jury returned two true bills against Mr. Heeter covering the girl's charges. An indictment on the girl's charge also was returned against George Patterson, the young man on whom Miss Fisher alleges Heeter tried to persuade her to fasten the blame.

TO JOIN BRANCHES
OF GOVERNMENTPresident to Get in Closer
Touch With Legislature.

GEN. WOOD'S SUCCESSOR.

Question of New Chief of Staff Not Settled—Few Changes Expected in Army and Navy—How Burleson Got His Silk Hat—Republican Tariff Ranks Depleted.

By ARTHUR W. DUNN.

Washington, April 2.—[Special.]—Senator Root went back a long ways to secure a favorable report upon the proposition that cabinet officers should have seats on the floor of the senate and house and establish a sort of responsible government such as exists in Great Britain. It was about forty years ago that the report was made, and it has slept ever since. And it will be at least that much longer before anything is done. Such a change involves the whole fabric and foundation of the government. It means an amalgamation of the executive and legislative branches. It would destroy the power of the senate or the house, and neither will consent to diminishing the power now possessed. However, it makes a subject of conversation.

A More Serious Matter.

But President Wilson presents a more serious matter in going to the capitol and conferring on legislation. When it was first published that he intended to conduct the presidential office in that way no one believed he would carry out the plan after he had learned the situation in Washington, but it seems that he is just as determined as ever to take an active hand in congressional conferences of his own making. It is evident that President Wilson intends to bring the legislative branch in close touch with the executive.

Gave Them a Surprise.

There has been a great deal of work done, first and last, to secure a successor to General Leonard Wood, chief of staff, who would be more acceptable to the army. It was expected that the new administration would find another major general who would meet all requirements. And perhaps a successor will be named for Wood in due time, but the secretary of war gave everybody a surprise when he endorsed what has been Wood's contention as to a reserve. Wood wanted short enlistments, too short in the opinion of military experts, but the secretary endorsed the idea without going as far as the chief of staff. Secretary Garrison endorsed the general reserve plan for which all army officers have been contending.

Best and Least Known.

The neighboring states of Nebraska and Missouri furnish the best and least known members of the cabinet. Mr. Bryan is known wherever the language is spoken, while it took a long time to find out anything about Mr. Houston, save that he was a college professor in St. Louis. Mr. Garrison, the secretary of war, was known to politicians, but lawyers knew about him and his judicial office in New Jersey. With the exception of Garrison and Houston the others had been discussed as possible cabinet members before announcement of their selection had been made.

Republican Tariff Defenders.

The slaughter which occurred in the congressional elections last fall leaves only a few of the old guard in the house to defend the Republican tariff principles. Of course Seno E. Payne will be there and Joe Forney of Michigan. Then there is Needham of California, but Dalzell, Longworth and more particularly Sam McCall of Massachusetts and Ebenezer J. Hill of Connecticut will be sadly missed. These men were among the staunchest exponents of the Republican principles of protection in the house. It is expected that Asher C. Hinds of Maine will be placed on the ways and means committee and will become one of the defenders on the Republican side.

Burleson's Silk Hat.

It is not an unusual thing for Postmaster General Burleson to wear a silk hat. In fact, he has worn it right along in Texas. But he is now wearing a silk hat which Congressman Henry of Texas paid for. The bet was about the weather on inauguration day. Henry, who has a fond for changing the date of inauguration to mild spring weather, but there would be another blustering inauguration day, and he paid for a hat, as Burleson was optimistic and insisted there would be good "Wilson weather" on the 4th of March.

The Jersey Senators.

Both of the New Jersey senators are Wilson men through and through. Both of them have many friends they would like to have appointed to office, but neither feels like pressing patronage matters on the new administration, although they will make recommendations. With a president and a cabinet officer from the state, they do not want to make demands which might embarrass the president. Besides, it is understood the president has a pretty good idea as to whom he wants to appoint in New Jersey.

American Wrestler Secures Two
Straight Falls.

Kansas City, April 2.—Frank Gotch retained his supremacy as wrestling champion of the world, defeating George Lurich of Russia in two straight falls at the Convention hall. Gotch secured the first fall in 18 minutes, 10 seconds, and the second in 5 minutes, 35 seconds.

The first fall was secured by an arm and toe hold and the second with a head and arm hold.

Gotch appeared much stronger than the Russian and he was the aggressor throughout the match.

DEMOCRATS CARRY
CHICAGO ELECTIONSecure Twenty-two Aldermen
and Other Officers.

Chicago, April 2.—Democrats swept the city in the municipal election, electing twenty-two aldermen, the superior court judge, city clerk and city treasurer. The proposed bond issue of \$2,880,000, urged by the Hearst-Harrison faction of the Democratic party here, carried by a small margin.

The Republicans elected eleven aldermen, the Progressives three and the Independents one. The Progressives had candidates in every ward, but failed to show strength, being outvoted by the Republicans by nearly three to one throughout the city. The Socialist vote was consistently scattered through all the wards and was not far below the Progressive total.

Alderman Michael Kenna, known as Hinky Dink, the fellow councilman of Bath House John Coughlin of the First ward, was returned, as usual, by an impressive total, getting 4,358 votes to the Progressive's 711 and the Socialist's 201. He had no Republican opposition.

The single independent candidate to be elected is Alderman Charles E. Merriam, a professor at the University of Chicago and until recently a Progressive leader.

DULUTH RESULTS IN DOUBT

Prince, Silberstein, Day and McEwen
Lead for Mayor.

Duluth, April 2.—The result of the first election under the commission form of government is in doubt.

W. L. Prince, B. Silberstein, D. H. Day and W. E. McEwen seemed to be the favorites for mayor from the official returns that came in. The betting odds favor Prince, even money being offered on him against a field of ten candidates.

For long term commissioner McCormick and Voss seem to be favorites, while for short term Bernard, Hickman, Hogan and Farrell are played for winners.

KENTUCKY LANDS FLOODED

Refugees Flocking to Cities Where
Relief Work Is Carried On.

Louisville, April 2.—The Ohio river here showed a stage of forty-five feet and was rising slowly.

A further rise of about 3 of a foot is predicted, when the crest of the flood is expected here. The additional rise is not expected to change, materially, the situation in Louisville.

Reports from Western Kentucky continued to tell of inundated lowlands.

Refugees were coming into the cities, where extensive relief work was under way.

H. M. FLAGLER NEAR DEATH

Railroad and Hotel Magnate in Critical
Condition.

West Palm Beach, Fla., April 2.—The condition of Henry M. Flagler, the railroad and Southern hotel magnate, was reported critical. President R. J. Parrot and Vice President J. E. Ingram of the Florida East Coast railroad have been summoned here by telegrams.

Mr. Flagler recently had a painful fall at his home, Oceanic cottage, near here. The injury did not mend as rapidly as was to have been expected.

HOUSE PASSES BOXING BILL

Measure Would Create State Super-
visory Commission.

St. Paul, April 2.—Without debate the house passed the Moeller bill creating a state commission in Minnesota and authorizing the commission to license "clubs, corporations or associations" to conduct six-round boxing matches. The bill provides that eight-ounce gloves shall be used. The vote was 63 to 34 in favor of the bill.

A total of 147 bills have passed both houses of the 1913 legislature, been signed by the governor and deposited with the secretary of state. Up to April 1, 1911, only seventy-six bills had become law. So far 2,120 bills have been introduced at the present session.

The house, by a vote of 79 to 20, passed Representative Charles N. Orr's bill, providing for the erection of a building near the capitol for the Minnesota State Historical society, the state law library and the supreme court.

The house passed the Sundberg bill prohibiting persons under eighteen from playing pool, billiards or bowling in public places. Under the present law persons under eighteen are permitted to play such games with their parents' consent.

The house passed G. W. Brown's bill authorizing the sterilization of habitual criminals, defectives and persons convicted of certain crimes. The bill creates a medical commission.

SCHWAB CHANGES POSITION

Quits Bethlehem Presidency to Be
Come Chairman of Board.

New York, April 2.—Charles M. Schwab resigned as president of the Bethlehem Steel company to become chairman of the board of directors of the same company. E. G. Grace was elected president.

Several other shifts were made in the personnel. They were the result of "the very large increase in the business" of the company, it was announced.

Mr. Schwab's new office was created for him.

Angry Purchaser—Then why is it that I'm never able to get more than two eggs from them and sometimes not so many in one day? Poultry Raiser—I don't know, ma'am, unless it's because you look for eggs too often. Now, if you look for them only once a week, I feel quite positive that you will get just as many eggs in one day as I did.—Pearson's Weekly.

Many Indiana People Returning to
Their Homes.

Indianapolis, April 2.—Conditions throughout the flooded districts of Indiana, except in the extreme southern section of the state, are returning to normal. Reports show that waters practically have disappeared and homes are being reconstructed.

Many persons in the West Indianapolis flood district were treated with an anti-typhoid vaccine and Dr. T. V. Keene, in charge of the medical relief work in the flooded districts, said he feared no epidemic. There is enough of the vaccine on hand to treat 10,000 patients.

Ohio City Faces Grave Problem
After Flood.

PROPERTY LOSS \$150,000,000

President John H. Patterson of the Relief Committee Appeals Broadcast for Assistance and Declares Rations for One Hundred Thousand People Are Required for an Indefinite Period.

Dayton, O., April 2.—"Dayton is facing one of the gravest problems that any city of the world ever faced and we want the world to know we need money and food for our stricken people," said John H. Patterson, president of the relief committee, after he returned in company with H. E. Talbot, chief engineer, from a tour of sections of Dayton that were swept by the flood last week.

In speaking of a tentative plan to ask the federal government for a loan of from \$20,000,000 to \$40,000,000, to be used in reconstruction work, Mr. Patterson said:

"At a meeting of bankers and officials of the building associations it was decided to make an appeal for federal aid.

"The banks and building associations have \$60,000,000 worth of assets which they will put up as a collateral. It may be deemed advisable to ask the government to give us some financial assistance. We feel that the disaster is an emergency which would justify extraordinary action on the part of congress."

Since Sunday more than \$750,000 in cash has been received from banks in Cincinnati to replace damaged money in local banks, which will remain closed until April 8.

Mr. Talbot estimated that the property loss in Montgomery county would reach at least \$150,000,000. He declared that one manufacturing company alone had lost \$500,000.

Although several carloads of provisions were received officials in charge of relief work stated that the food situation was a matter of grave concern. More refugees have applied for assistance.

"We must have rations for more than 100,000 people for an indefinite period," Mr. Patterson declared.

Four bodies were taken from the debris by workmen, bringing the total number of bodies recovered up to 129, according to the coroner's estimate.

ZANESVILLE LOSS IS HEAVY

Fifteen Thousand People Being Fed
at Relief Stations.

Zanesville, O., April 2.—This city, comparing its size of 30,000 population with others which have been flooded, is one of the greatest losers financially. The monetary loss will be between \$17,000,000 and \$20,000,000, according to estimates by business men's organizations.

The river broke through its banks and flowed over the lower and middle business sections, cutting across fully two-thirds of the business district. It also swept away a large number of industries. These losses range as high as \$100,000.

Relief stations have been feeding 15,000 people for the last week. Many of these people are homeless, as 800 to 1,000 homes were either swept away or ready to collapse and several thousand are damaged. The flood cut a swath a mile and a half wide through the city.

SHOOTS WIFE AND HIMSELF

Domestic Difficulties Result in Double
Tragedy.

Grand Rapids, Minn., April 2.—R. W. Heideman, thirty years old, shot and instantly killed his wife, Mary Schroeder Heideman, and then ended his life at the home of Cal Gilman in this town.

Mrs. Heideman had been working at the Gilman home for the last week. The couple had been separated for some months and Heideman was under indictment by the grand jury for assaulting his wife. Entering the Gilman home suddenly he shot his wife, Mrs. Gilman, who had been ill for weeks, ran from the house and escaped injury. She now is in serious condition.

Johnson Devils Lake President.

Devils Lake, N. D., April 2.—Backed almost to a man by the young men of Devils Lake, A. L. Johnson was swept into office as the first president of the Devils Lake city commission by a wide margin over two opponents, H. J. Hinck and V. Gram. With President Johnson the first commission consists of Attorney Edward F. Flynn, Louis Munnit, Fred P. Mann and Dr. W. E. Hocking, the first two and the president for four years.

cide by shooting himself be-
cause of failing health. He was
eighty-five years old. He shot
himself while standing in front
of a cabinet filled with medals,
won in the service of his coun-
try.

Doll Theories.

According to a Japanese belief, dolls
sometimes come alive, acquiring a soul
in process of being played with by
successive generations of children.
Food is provided for them, and they are
treated with great care, lest neglect
should bring trouble upon the house-
hold. One pretty story tells how a
childless husband and wife borrowed
a doll that had gained a soul, fed and
clothed it and prospered thereafter.
All this is in utter contrast with the
unpleasant doll theory of Varro, the
scholar of ancient Rome. He held that
the dolls given to little Romans at
Christmas—that is to say, at the sat-
urnal—represented original sacrifices
of human beings to the infernal god.

R. A. HENNING ELECTED MAYOR

Carries Three Wards of the City and has Majority of 123 Over H. P. Dunn

CLOSE FIGHT FOR TREASURER

A. M. Opsahl has a Majority of 35 over F. E. Little on the Public Ownership Ticket

R. A. Henning, of the public ownership ticket, several times alderman of the third ward and well known machinist, was elected mayor of the city of Brainerd, defeating Mayor H. P. Dunn, independent, by 123 votes.

For treasurer there was a pretty fight between three contestants, A. M. Opsahl, present city treasurer and independent candidate, F. E. Little, the public ownership candidate and W. J. Lyonias, the independent candidate. Opsahl scored a majority of 35 over Little.

As assessor Henry Krause, who has given efficient service, was re-elected.

Judge J. H. Warner was re-elected municipal judge. Walter F. Wieland was elected special municipal judge.

The new council carries six independents and four public ownership men. The board of education will have three public ownership men.

The aldermen elected are as follows:

First ward—C. A. Lagerquist and A. Mahlum.

Second ward—J. R. Smith and D. A. Peterson.

Third ward—N. W. Betzold and Ernest Haake.

Fourth ward—A. L. Anderson and Frank Gallupe.

Fifth ward—Louis Stallman and George Hess.

Members of the Board of Education are:

First ward—R. R. Wise.

Second ward—G. D. LaBar.

Third ward—J. W. Welsh.

Fourth ward—H. Moilanen and H. A. Duneman.

Fifth ward—Elof Carlson.

The amendment to the charter promulgated by the charter commission had a majority of 615, and is carried, having more than three fifths of the votes cast.

Taken as a whole, no record vote was polled in the city. Many men took a listless interest and never went to the polls. There are cases on record where ballots had no crosses attached for either candidates for mayor.

MARCH WEATHER REPORT

Furnished the Dispatch by the Gull Lake Dam Caretaker, Arthur L. Mampel

Arthur L. Mampel, caretaker at the Gull lake dam, has furnished the Dispatch the following summary of the weather for March, 1913.

The mean temperature was 19 degrees. The mean maximum was 29.35 degrees. The mean minimum was 8.65 degrees. The maximum temperature was 51 above and the minimum 30 below.

The total precipitation was .47 inches. There were 7 clear days, 9 partly cloudy and 15 cloudy. The prevailing direction of the winds was northwesterly. It is believed there will be a full head of water on in the spring.

YOEMAN STATE CONVENTION

G. N. Grant Tells of the Meeting at Minneapolis Tuesday—200 Delegates Attending

G. N. Grant of Northeast Brainerd returned last night from attendance at the Brotherhood of American Yeomen quadrennial state convocation held at Minneapolis in the West hotel April 1.

Two hundred delegates and 150 Yeomen were in attendance. The state manager, J. H. Murphy, showed that the order had almost doubled since the last convocation. A permanent Yeoman building was authorized to be erected on the state fair grounds to cost \$3,000.

The election of 16 delegates to the supreme convocation at Oklahoma City, June 10 and state officers and their installation furnished a most enjoyable meeting. A big class initiation was held at the National Guard armory conducted by the degree teams of two Minneapolis homesteads. A grand hall which lasted until early morning followed.

The Brainerd delegates in attendance at the convocation were Mrs. Alice Gaffney, Charles Risk, G. N. Grant and Mrs. Amy J. Bertram.

While in Minneapolis Mr. Grant had the pleasure of a visit with Rev. and Mrs. Charles Fox Davis, the latter being a former pastor of Brainerd.

"The Rosary"

A new play to be produced in this city at the Brainerd opera house on Friday evening, April 4th is "The Rosary" from the pen of Edward E. Rose and produced by the well known theatrical managers Messrs. Ed. W. Rowland and Edwin Clifford.

The play deals with conditions in the American home of today. To prove this a typical American family is shown, a young wife, a devoted husband, their friends and all the beautiful surroundings that wealth can secure. Discord enters their home, no one knows whence it came, but it grows into suspicion and doubt. The household is rent and the happiness is gone. Then rises the other power, a higher spiritual note which brings the discordant souls of the family back to peace and happiness.

In some homes this has only just begun, in others misery and sorrow are always at the door.

COMMISSIONER OF PUBLIC SAFETY

Under St. Paul Charter has Charge of Police, Health and Fire Departments

THE WORK IS COORDINATED
Number of Men Needed for These Services is Reduced to the Minimum

Police, health and fire departments under the new St. Paul charter are in the hands of the commissioner of public safety. Each department is administered as to details by a technical head. There is a chief of police for the police department, a fire chief for the fire department, a health commissioner for the health department. All are appointees of the commissioner of public safety and work under his general direction.

These three departments were grouped together so that their work might be coordinated and the number of men needed for fire police and health services might be reduced to a minimum.

Ordinarily a health department in a big city employs many inspectors. Many police officers are on duty. There is a large fire corps. The tendency of present day government is to multiply departments and employees. Why should an inspector of the health department have to trail a police officer in order to report upon the condition of an alley, or an outhouse?

St. Paul's charter contemplates that police officers shall make all inspections not requiring technically trained officers. With health and police departments under the same general management, the departments will come pretty near co-operating.

In the same way a fire fighting force can be materially strengthened by police officers in handling important fires. Firemen with hose are often very effective in aiding police officers.

With co-operation of this sort the budget for police, health and fire protection service, one of the most expensive to a city, may be kept at a minimum.

The Deanery of the Episcopal Church

There will be a big meeting tonight at 8 o'clock. Special music. Last night Rev. Durand of Hibbing preached a powerful sermon on the Sunday school. Tonight Rev. Murphy of Wadena will preach on the "Great Commission." The ladies had a splendid meeting in the afternoon. The delegates include Rev. Worthing of Little Falls, Rev. Ward of Fergus Falls, Rev. Wood of International Falls, Rev. Parshall of Cass Lake, and Rev. Hudson of Paynesville.

Miss Colly of Walker, Miss Warner of Little Falls, Miss Knappen of Tenstrike and Mrs. Parshall are among the women delegates. All are invited to attend tonight's services.

GETS THE PIANO

Letter Carrier Walter Northrup is Successful in the Peters Piano Co. Advertising Contest

Letter Carrier Walter Northrup was the successful one in the Peters piano company advertising contest inaugurated in the Dispatch. He selected the most names of articles commencing with "ca" in the picture and in addition turned in a design with the separated articles nicely sketched in.

The judges in the contest were three business men of the city, Louis Hohman, D. E. Whitney and John Bys.

Mr. Northrup is well pleased with the splendid instrument he secured for such little work on his part. The instrument has been set up in his home and forms a welcome addition to his household.

BUYS WHOLE BLOCK OF BARROWS LOTS

H. Hansen of Duluth Favorably Impressed by Town and Makes a Large Purchase

MUCH STREET WORK PLANNED

Peter Spina of Duluth and Louis Cardileone of Eveleth Figuring on Building a Hotel

Barrows, Minn., April 2—H. Hansen of Duluth was so much impressed with the town that he bought a whole block of 24 lots. He intends to erect buildings on the same and will commence construction within a month. Mr. Hansen said there was more to Barrows than he ever thought and he was glad he had seen the town.

The townsite company will soon commence work on a number of streets and one of these will be run through to the Mississippi river.

P. W. Rathbun of Bemidji was in town Saturday. He says he will commence building his hardware and furniture store very soon. His stocks have already been ordered.

R. C. Klinkenberger, cashier of the First State bank of Barrows, reports a "gratifying daily increase in deposits."

The Barrows townsite company will soon have built its 10 new seven room houses. They will be very convenient and will have large porches.

Captain Mathews is expected back to Barrows again this week. He will be welcomed by every one in town.

John Dahljelm of Duluth was in Barrows with a view of going into business. He will move his family here this summer.

Richard Bergum, the real estate man, reports the sale of a number of lots and says that the people are coming to town every day inquiring for property. He predicts a big boom for Barrows this spring and summer.

Peter Spina of Duluth and Louis Cardileone of Eveleth were in Barrows Saturday. These men are figuring on putting up a good sized hotel.

Mr. Spina is a very successful business man and people hope he will soon locate in Barrows.

Thursday evening Mr. and Mrs. Henry Papeke's little daughter was baptized and it wound up with a celebration.

Saturday night Richard Bergum, the real estate man gave a dance and it was a great success. There were about 100 people present and a most pleasant time was spent.

Mrs. Jake Kohlstad was given a surprise party on Thursday evening. Many handsome and valuable presents were given her.

FEEL BADLY TODAY? CASCARETS TONIGHT

GETS THE PIANO

Letter Carrier Walter Northrup is Successful in the Peters Piano Co. Advertising Contest

Letter Carrier Walter Northrup was the successful one in the Peters piano company advertising contest inaugurated in the Dispatch. He selected the most names of articles commencing with "ca" in the picture and in addition turned in a design with the separated articles nicely sketched in.

The judges in the contest were three business men of the city, Louis Hohman, D. E. Whitney and John Bya.

Mr. Northrup is well pleased with the splendid instrument he secured for such little work on his part. The instrument has been set up in his home and forms a welcome addition to his household.

BUYS WHOLE BLOCK OF BARROWS LOTS

H. Hansen of Duluth Favorably Impressed by Town and Makes a Large Purchase

MUCH STREET WORK PLANNED

Peter Spina of Duluth and Louis Cardileone of Eveleth Figuring on Building a Hotel

Barrows, Minn., April 2.—H. Hansen of Duluth was in Barrows Saturday and he was so much impressed with the town that he bought a whole block of 24 lots. He intends to erect buildings on the same and will commence construction within a month. Mr. Hansen said there was more to Barrows than he ever thought and he was glad he had seen the town.

The townspeople company will soon commence work on a number of streets and one of these will be run through to the Mississippi river.

P. W. Rathbun of Bemidji was in town Saturday. He says he will commence building his hardware and furniture store very soon. His stocks have already been ordered.

R. C. Klinkenberger, cashier of the First State bank of Barrows, reports a "gratifying daily increase in deposits."

The Barrows townspeople company will soon have built its 10 new seven room houses. They will be very convenient and will have large porches.

Captain Mathews is expected back to Barrows again this week. He will be welcomed by every one in town.

John Dahljelm of Duluth was in Barrows with a view of going into business. He will move his family here this summer.

Richard Bergum, the real estate man, reports the sale of a number of lots and says that the people are coming to town every day inquiring for property. He predicts a big boom for Barrows this spring and summer.

Peter Spina of Duluth and Louis Cardileone of Eveleth were in Barrows Saturday. These men are figuring on putting up a good sized hotel. Mr. Spina is a very successful business man and people hope he will soon locate in Barrows.

Thursday evening Mr. and Mrs. Henry Papeke's little daughter was baptized and it wound up with a celebration.

Saturday night Richard Bergum, the real estate man gave a dance and it was a great success. There were about 100 people present and a most pleasant time was spent.

Mrs. Jake Kohlsted was given a surprise party on Thursday evening. Many handsome and valuable presents were given her.

FEEL BADLY TODAY? CASCARETS TONIGHT

No Headache, Biliousness, Sluggish Liver, Constipated Bowels or Sour Stomach by Morning

No odds how bad your liver, stomach or bowels, how much your head aches, how miserable and uncomfortable you are from constipation, biliousness and sluggish intestines—you always get the desired results with Cascarets and quickly, too.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advt.

A Poor Prophet.
Conan Doyle told of an experience which he had when leaving school. His teacher must have been one of those noble old Romans such as Thackeray describes as "tearing at young Penderennis when the major, his uncle, called to take the boy away. When Conan Doyle had finished his course in school the head master called him aside and, after eying him with ominous disfavor, spoke to him in measured tones as follows: "Doyle, I have known you now for seven years, and I know you thoroughly. I am going to say something which you will remember in after life. Doyle, you will never come to any good!"—Bookman.

Illustrious Shoemakers.
Shoemaking is a calling which has given the world some very great men. One authority asserts that the majority of cobblers have exceptional brains, that their attitude when stooping over their work tends to a cranial development in the part where the intellectual faculties are seated. Some one has written a book on illustrious shoemakers. In it are Sir Claudesley Shovel, Gifford the Terrible, Bloomfield, author of the well known "Farmer's Boy," Carey, the orientalist, Admiral Myung, George Fox, founder of the Society of Friends; John Kitto, the Biblical scholar, and Sturgeon, the electrician. The list of illustrious shoemakers runs into scores.

Soothing.
"Nan," said Fan, "I've got a gown exactly like that one of yours, and I just hate it. It looks all right on you, though, because you're so thin that the pattern doesn't show."—Chicago Tribune.

Comfort Your Stomach
We pay for this treatment if it fails to promptly relieve Indigestion and Dyspepsia.

Reckall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary carminatives that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Reckall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

We know what Reckall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Reckall Dyspepsia Tablets will satisfy you? Three sizes: 25 cents, 50 cents, and \$1.00.

You can buy Reckall Dyspepsia Tablets in this community only at our store:
